

Concern regarding delayed automation delivery

From: Noa Peretz <noa.peretz@peretzhomedecor.com>

Date: August 3, 2026

Hello,

I wanted to raise a concern. We agreed that our lead-qualification automation would be delivered and tested by the end of last month, but we still haven't received the final workflow or any update in over two weeks.

This is affecting our ability to plan our next marketing campaign. Could someone please get back to me with a clear status update?

Regards,

Noa Peretz
